NAME

description

share action provider

STAR as action?

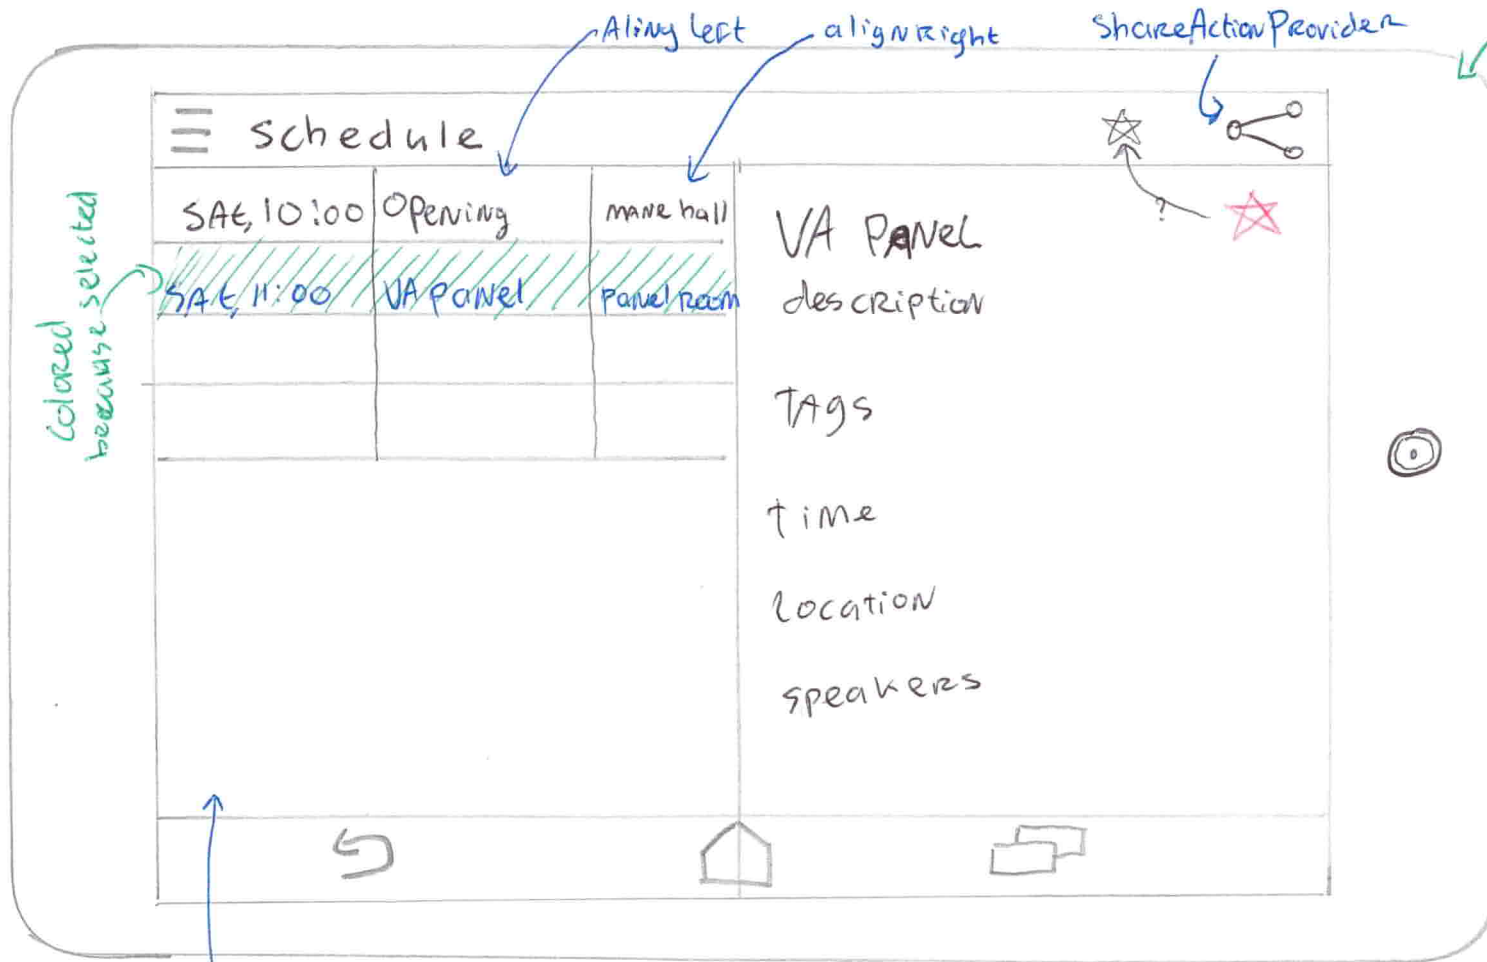

\* if applicable  
detail is 2/3 of the  
screen, because focus  
is on choosing events  
we need plenty of room  
to promote event.

event list fragment

1/3 screen width

event detail fragment

2/3 screen width

The list on the left is now  $\frac{1}{2}$  screen-width instead of  $\frac{1}{3}$  screen-width, because the focus is on the schedule-list NOT on the details of the event, and we can use the extra space.
